

Employer Local Government Pension Scheme Discretions Policy

Employer name: Lane End Parish Council

Policy effective from: 3rd March 2025

Statement of policy

on the Local Government Pension Scheme Regulations (LGPS) 2013 and the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014.

This document sets out the scheme employer's policy on the operation of each of the mandatory discretions (and optional discretions where chosen) available under the LGPS Regulations. It states whether or not discretions will be operated and the circumstances and criteria for applying them.

The following discretions apply to members who were actively paying into the scheme as at 1 April 2014 onwards

PART A - Mandatory Discretions

Power to award additional pension

Regulation 31

Whether, at the full cost to the Scheme employer, to grant extra annual pension of up to £8,344 (figure at 1 April 2024) to an active member or within 6 months of leaving to a member whose employment was terminated on the grounds of redundancy or business efficiency [regulation 31 of the LGPS Regulations 2013]

Employer Policy Decision

Recommend yes.

Under the powers of this regulation, the Parish Council has the ability to award additional pension for an active contributing member or within 6 months of ceasing to be an active member by reason of redundancy or business efficiency (by up to a maximum of £8,344 per annum.) The cost of any such additional pension awarded will be paid by the Parish Council.

The LGPS 2014 Regulations state that Lane End Parish Council may agree, at its own cost, to award a member additional pension payment in exceptional circumstances; an amount no greater than £8,344 per annum up to a maximum of ten years. Lane End Parish Council will only consider doing so in cases where there is a clear financial or administrative advantage to the Council and with the expressed permission of the Full Council.

This amount will be increased annually in April by the Pensions increase.

Shared cost additional pension contributions

Regulation 16(2e) (4d)

Whether, how much, and in what circumstances to contribute to a Shared Cost APC scheme

Whether, where an active member wishes to purchase extra annual pension of up to £8,344 (figure as at 1 April 2024), by making additional pension contributions (APCs), to voluntarily contribute towards the cost of purchasing that extra pension via a shared cost additional pension contribution (SCAPC) [regulations 16(2)(e) and 16(4)(d) of the LGPS Regulations 2013].

Note: This does not include instances where the employee is paying for **lost** pension via an APC where the election was made in the first 30 days (or longer if the employer allows) – in this circumstance the employer **must** pay two-thirds of the cost of such purchase

Employer Policy Decision

Recommend no.

Under the powers of this regulation, the Parish Council can opt to meet some of the cost when an active member wishes to voluntarily make Additional Pension Contributions (APCs) to purchase extra pension from the 1 April 2017 by up to £8,344 per annum. Under this regulation a payment could be a lump sum or a regular additional pension payment at the contribution set and agreed with the individual member of staff concerned. An employee may choose to voluntarily increase the level of pension for themselves but the Parish Council would not consider increasing the level of its contribution unless there are exceptional reasons for doing so.

Whether to allow flexible retirement

(Regulation 30 (6)) & TP11(2) & R30(8)

Whether to allow flexible retirement for staff aged 55 or over who, with the agreement of the Scheme employer, reduce their working hours or grade [regulation 30(6) of the LGPS Regulations 2013] and, if so, as part of the agreement to allow flexible retirement:

- whether, in addition to the benefits the member has built up prior to 1 April 2008 (which the member must draw), to allow the member to choose to draw:
 - I. all, part or none of the pension benefits they built up after 31 March 2008 and before 1 April 2014, and / or
 - II. all, part or none of the pension benefits they built up after 31 March 2014 [regulations 11(2) and 11(3) of the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014], and
- whether to waive, in whole or in part, any actuarial reduction which would otherwise be applied to the benefits taken on flexible retirement before Normal Pension Age (NPA) [regulation 3(5) of the LGPS Transitional Provisions, Savings and Amendment) Regulations 2014, regulation 18(3) of the LGPS (Benefits, Membership and Contributions) Regulations 2007 and regulations 30(6) and 30(8) of the LGPS Regulations 2013].

Employer Policy Decision

i) Whether to allow flexible retirement

Yes, recommend to allow consent to this.

Under the powers of this regulation, the Parish Council can allow an employee aged 55 or more to draw all or part of the pension benefits they have already built up whilst still continuing in employment. This is provided the employer agrees to the member either reducing their hours or moving to a position on a lower grade. The Parish Council may consent to benefits being paid under the flexible retirement policy, to an employee over the age of 55 who requests this, provided the remuneration is being reduced by 40% through either a reduction in hours or grade. Employees should note that the final decision as to whether or not to grant flexible retirement is at the discretion of the Council as the employer.

ii) Whether to allow the member to choose to take

- a. part or none of the pension benefits they built up after 31 March 2008 and before 1 April 2014, and / or

Recommend yes.

Under the powers of this regulation the employer can allow the early payment of deferred benefits to those with pre 2014 benefits between ages 55 and 59. They may also allow the early payment of pensions to former employees who were in receipt of a tier 3 ill-health pension which has since been suspended.

Deferred benefits, including suspended tier three ill health pensions, may be considered to be paid early provided it is in the Council's interest to do so, and having regard to the Pension Fund for paying benefits early being affordable in each case.

- b. all, part or none of the pension benefits they built up after 31 March 2014

Recommend yes.

- iii) **Whether to waive, in whole or in part, any actuarial reductions which would otherwise be applied to the benefits taken on flexible retirement before Normal Pension Age**

Recommend to waive in whole or part for all years.

The Council can agree to waiver, in whole or in part, actuarial reductions pre 2014 benefits on compassionate grounds. The waiving of these reductions will only be considered by the Council for and in exceptional circumstances post 2014 benefits. Each request will be dealt with on an individual basis.

Switching on the 85 year rule

[paragraph 1(1)(c) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014]

Whether to “switch on” the 85 year rule for a member voluntarily drawing benefits on or after age 55 and before age 60.

Members are now able to voluntarily retire between ages 55 and 60. If they were a member of the LGPS on 30 September 2006 then some of their benefits could be protected from reductions applied to early payment under the 85-year rule. This rule only applies automatically to members voluntarily retiring from age 60 but the employer has the discretion to “switch it on” for voluntary retirements between age 55 and 60.

This discretion does not apply to flexible retirement (see [Regulation 30\(6\)](#)) whereby the 85 year rule is always switched on.

Where the employer does not choose to “switch on” the rule, then

- a) if the member has already met the 85 year rule, the member’s benefits are to be reduced in accordance with actuarial guidance issued by the Secretary of State (with the benefits from any pre 1 April 2008 membership for members who will not be 60 or more on 31 March 2016, and benefits from any pre 1 April 2016 membership for members who will be 60 or more on 31 March 2016, which would not normally have been subject to an actuarial reduction nonetheless being subject to a reduction calculated by reference to the period between the date the benefits are drawn and age 60) [paragraphs 1(2) and 1(4) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014], or
- b) if the member has not already met the 85 year rule, the member’s benefits are to be reduced in accordance with actuarial guidance issued by the Secretary of State (with the reduction on that part of the member’s benefits subject to the 85 year rule being calculated by reference to the period between the date the benefits are drawn and age 60, or the date of attaining the 85 year rule, whichever is the later), and
- c) the Scheme employer can exercise a discretion to waive any actuarial reductions (including where an actuarial reduction may still be applied to a member’s benefits after ‘switching back on’ the 85 year rule in full) (at cost to the Scheme employer, via an employer strain charge).

Employer Policy Decision

Recommend to switch on as worded below.

The Parish Council can agree to apply the 85 year rule to pre 01 April 2014 accrued benefits, subject to a minimum actuarial reduction to age 60.

The Parish Council will not normally apply the 85 year before age 60. It may be considered in exceptional cases, and only where a sound business case for it can be demonstrated.

Waiving of actuarial reductions

Regulation 30(8), TP3(1), TPSch 2, para 2(1), B30(5) and B30A(5)

Whether to waive, in whole or in part, any actuarial reductions on benefits which a member voluntarily draws before normal pension age (other than on the grounds of flexible retirement).

Employers can agree to waive any actuarial reductions due in the case of employees retiring any time after age 55. For active members voluntarily retiring on or after age 55 and before Normal Pension Age (NPA), who elect under regulation 30(5) of the LGPS Regulations 2013 to immediately draw benefits, and for deferred members and suspended tier 3 ill-health pensioners who elect under regulation 30(5) of the LGPS Regulations 2013 to draw benefits (other than on ill health grounds) on or after age 55 and before NPA.

There are 4 member groups which you would be making the discretions policy on, the below covers in what circumstance reductions can be waived and to which benefits these would apply:

Group 1 - Members joined before 1 October 2006 and who reached 60 before 1 April 2016

- To waive on compassionate grounds, any actuarial reductions applied to benefits built up before 1 April 2016, and/or
- To waive, in whole or in part, on any grounds, actuarial reductions applied to benefits built up after 31 March 2016

Group 2 - Members joined before 1 October 2006 and who reach age 60 between 1 April 2016 and 31 March 2020 and also meet their critical retirement age before 1 April 2020 (date member meets the 85 year rule)

- To waive on compassionate grounds, any actuarial reductions applied to benefits built up before 1 April 2020, and/or
- To waive in whole or in part on any grounds, actuarial reductions applied to benefits built up after 31 March 2020

Group 3 - Members joined before 1 October 2006 and who reach age 60 after 31 March 2020 (or who would reach age 60 between 1 April 2016 and 31 March 2020 and don't meet their critical retirement age before 1 April 2020 (date member meets the 85 year rule)

- To waive on compassionate grounds, any actuarial reductions applied to benefits built up before 1 April 2014, and/or
- To waive, in whole or in part on any grounds, actuarial reductions applied to benefits built up after 31 March 2014

Group 4 - Members joined after 1 October 2006

- To waive on compassionate grounds, any actuarial reductions applied to benefits built up before 1 April 2014, and/or
- To waive, in whole or in part on any grounds, actuarial reductions applied to benefits built up after 31 March 2014

Employers should also note that the strain cost of any such retirements would need to be met by the employer and paid into the Pension Fund at the appropriate time.

Employer Policy Decision

Whether to waive any actuarial reductions for a member voluntarily drawing benefits before NPA (other than on the grounds of flexible retirement), as outlined above.

Recommend to agree.

The Council can agree to waiver, in whole or in part, actuarial reductions pre 2014 benefits on compassionate grounds. The waiving of these reductions will only be considered by the Council for and in exceptional circumstances post 2014 benefits. Each request will be dealt with on an individual basis.

The following discretions apply to members who left the scheme between 1 April 2008 and 31 March 2014

Whether to “switch on” the 85 year rule for a member with deferred benefits voluntarily drawing benefits on or after age 55 and before age 60

[paragraph 1(1)(c) & 1(2) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014]

Whether to “switch on” the 85 year rule for a member with deferred benefits voluntarily drawing benefits on or after age 55 and before age 60.

A member with a deferred benefit who left the scheme voluntarily between 1 April 2008 – 31 March 2014 and who has subsequently become a deferred pensioner may now claim their benefits from age 55 without their employer’s consent. However, these benefits will be reduced for early payment.

Where a member has reached the 85 year rule at the point of retirement, an employer can consent to switching on the 85 year rule. Any ‘strain’ to the Fund will be payable immediately by the Scheme employer.

Employer Policy Decision

Recommend no.

Whether to ‘switch on’ the 85 year rule upon the voluntary early payment of a suspended tier 3 ill health pension?

[paragraph 1(1)(c) & 1(2) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014]

Whether to “switch on” the 85 year rule for a member with a suspended tier 3 ill-health pension voluntarily drawing benefits (on or after 14 May 2018) on or after age 55 and before age 60.

Where a member has reached the 85 year rule at the point of retirement, an employer can consent to switching on the 85 year rule. Any ‘strain’ to the Fund will be payable immediately by the Scheme employer.

Employer Policy Decision

Recommend no.

Whether to waive upon the voluntary early payment of deferred benefits any actuarial reduction on compassionate grounds?

[regulation 30(5) of the LGPS (Benefits, Membership and Contributions) Regulations 2007 and paragraph 2(1) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014]

A member with a deferred benefit who left the scheme voluntarily between 1 April 2008 – 31 March 2014 may now claim their benefits from age 55 without their employer’s consent. However, these benefits will be reduced for early payment.

An employer can consent to waiving any reductions, on compassionate grounds, that would normally be applied to deferred benefits which are paid before age 65.

Employer Policy Decision

Recommend no.

Whether to waive upon the voluntary early payment of a suspended tier 3 ill health pension, any actuarial reduction on compassionate grounds?

[regulation 30A(5) of the LGPS (Benefits, Membership and Contributions) Regulations 2007 and paragraph 2(1) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014]

A member with a suspended tier 3 ill health pension and who left the scheme between 1 April 2008 – 31 March 2014 may now claim for their pension to be brought back into payment from age 55 without their employer’s consent. However, these benefits will be reduced for early payment.

An employer can consent to waiving any reductions, on compassionate grounds, that would normally be applied to deferred benefits which are paid before age 65.

Employer Policy Decision

Recommend no.

The following discretions apply to members who left the scheme between 1 April 1998 and before 1 April 2008

Whether to ‘switch on’ the 85 year rule upon the voluntary early payment of deferred benefits

[paragraph 1 (1) (f) & 1 (2) of Schedule 2 to the LGPS (Transitional Provisions, Savings and Amendment) regulations 2014]

Whether, as the 85 year rule does not automatically fully apply to members who would otherwise be subject to it and who choose to voluntarily draw their deferred benefits (on or after 14 May 2018) on or after age 55 and before age 60, to switch the 85 year rule back on in full for such members.

Deferred members who left the scheme after 1 April 1998 are now able to voluntarily retire between ages 55 and 60. If they were a member of the LGPS on 30 September 2006 then some of their benefits could be protected from reductions applied to early payment under the 85 year rule. This rule only applies automatically to members voluntarily retiring from age 60 but the ceding employer has the discretion to “switch it on” for voluntary retirements between age 55 and 60.

Where the employer does not choose to “switch on” the rule, then benefits built up would be subject to reduction in accordance with actuarial guidance issued by the Secretary of State regardless of whether a member meets the rule or not

If the employer does agree to “switch on” the 85 year rule, the employer will have to meet the cost of any strain on fund resulting from the payment of benefits before age 60 i.e. where the member has already met the 85 year rule or will meet it before age 60.

Employer Policy Decision

Recommend no.

[regulation 31(2) of the LGPS Regulations 1997].

However, these benefits may be reduced for early payment and/or be subject to an unauthorised payment charge under the Finance Act 2004

Employer Policy Decision
