

POSTER COMPETITION

Hedgerows are the unsung heroes of our countryside providing Britain's largest wildlife habitat, as well as helping to tackle climate change.

The Parish Council Environmental Sustainability Group will be giving prizes away at the Lane End Village Fete to the children who design the best posters demonstrating the wildlife living in our hedgerows.

Bring your poster to the Village Fete or drop it off to Strawberry Grove. Don't forget to put your name, age, and phone number on the back of your poster.
